p. 2	The Phragmén - Lindelöf theorems	
4	Theorem II. Proof	
6	Theorem III.	
7	Theorem IV.	
8	Proof	
13	Theorem VI	
14	Theorem VII. Proof	
16	Theorem VIII	
17	Proof	
18	Theorem IX	
19	Proof	
22	Theorem X. Proof	
23	Theorem XI. Proof	
24	Theorem XII	
25	Proof	
27	XIII Montel's Theorem. Proof.	
31	XIV Theorem.	
32	Proof.	
33	Theorem XV. Proof.	
36	Carlson's Theorem	
37	Proof of Carlson's Theorem	
41	Behaviour of functions along lines in a strip.	
42	The Carleman-Hardy Theorem.	
50	Theorem for $ f $	
51	Theorem. Proof	
55	The Hardy-Littlewood Theorem. Gegenbeispiel	
59	Proof of Littlewood's Theorem. I S_n is bounded. Lemma I. Proof	
60	Lemma II. Proof. Lemma III. Proof. By Lemma II. Lemma IV. Proof by Lemmas I, III.	
61	Lemma V. Proof	
2 68	II $S_n \rightarrow 0$.	

p. 69	Hypothesis <u>V</u> . Proof.	1
71	Lemma	2
72	Proof.	3
74-6	Lemma <u>A</u> . Proof	4
78	Corollary. Lemma B. Proof	5
